### COMMENTS FROM "KILO PAPA"

A WEEK AGO TODAY, AS I WRITE THIS, I WAS SITTING AT THE BEACH ON GRAND TURK, SIPPING A RUM CONCOCTION BREWED BY THE LOCALS AND RELIVING THE CQ WW SSB WEEKEND. TODAY I'M BACK AT WORK IN COLD, RAINY SAN JOSE WITH PILES OF MAIL TO SORT THROUGH. I'M NOT SURE WHICH SCENARIO BETTER DESCRIBES "REALITY" BUT I'M DARNED SURE WHICH I PREFER. WHAT ARE THE DATES FOR THE 1983 CQ WW?

THE DETAILS FOR THE CHRISTMAS BANQUET APPEAR ELSEWHERE IN THIS ISSUE. BECAUSE THE NOVEMBER MEETING AND THE CHRISTMAS BANQUET ARE SO CLOSE TOGETHER, AND BECAUSE THE HONORABLE EDITOR OF THIS PUBLICATION IS HEADING OUT FOR A RETURN PERFORMANCE AT ZK2RU (IF MY DOCTOR LETS ME GO-ED.), THIS ISSUE IS A COMBINED NOVEMBER/DECEMBER JUG. ACCORDINGLY, THIS WILL BE THE ONLY WRITTEN NOTICE OF THE CHRISTMAS BANQUET. THE FORMAL RADIO RELATED ITEMS FOR THE EVENT WILL TAKE ABOUT FIVE MINUTES, WITH THE BALANCE OF THE EVENING OPEN TO WHATEVER YOU WANT TO MAKE OF IT. PLEASE MARK YOUR CALANDER AND PLAN TO ATTEND.

DESPITE THE SUBTLE IMPORTUNINGS OF K6ZM, SOME 90 CLUB MEMBERS HAVE NOT YET PAID THEIR DUES. INDIVIDUAL NOTICES TO DELINQUENT MEMBERS ACCOMPANY THIS ISSUE. PLEASE PAY!

HAVING MADE FREQUENT USE OF THE CLUB ROSTER SINCE APRIL, IT HAS BEEN ABUNDANTLY CLEAR TO ME THAT THE ROSTER IS OUT OF DATE FOR MANY MEMBERS. A NEW ROSTER WILL BE OUT EARLY NEXT YEAR, THIS TIME IN A BOOKLET FORMAT WITH ENHANCED READABILITY. IT MAKES NO SENSE, HOWEVER, TO PERPETUATE STALE INFO.

(CONT)

COMMENTS FROM "KILO PAPA" (CONT)

IF THE INFORMATION IN THE ROSTER IS INCORRECT (OR YOU JUST WANT TO BE CERTAIN), SEND ME A QSL CARD WITH THE CORRECT DATA. DON'T FORGET TO INCLUDE YOUR HOME AND BUSINESS PHONE NUMBERS.

THE PROGRAM FOR THE NOVEMBER MEETING WILL FEATURE N6BV AND N6RO ON BAND STRATEGY AND PROPAGATION FOR THE CQ WW CW WEEKEND. KEN AND DEAN ARE PREPARING A HANDOUT SHOWING WHERE TO BE EACH HOUR OF THE CONTEST FOR ONE, TWO AND THREE TRANSMITTER STATIONS (HOW ABOUT FOUR-ED.). THE HANDOUT WILL HAVE SPACE FOR NOTES AND SHOULD MAKE A VALUABLE OPERATING AID FOR USE DURING THE CW WEEKEND. THE RSGB ANTENNA BOOK WILL BE RAFFLED OFF AS WELL. IF WE START THE MEETING ON TIME (AS I INTEND TO DO), THERE SHOULD BE PLENTY OF TIME TO ADJOURN TO THE PIZZA PLACE FOR BEERN PIZZA AND WAR STORIES ABOUT THE PHONE WEEKEND. I HOPE TO SEE YOU THERE.

MINUTES OF  
NORTHERN CALIFORNIA CONTEST CLUB  
MEETING OF SEPT. 27, 1982

---

The meeting which was held in the CWA Hall in Hayward was opened by President Kip at 7:40 pm. He announced that the big Victory party and banquet is all set for Friday, Oct. 15, starting with the 6:30 to 8:00 pm happy hour. Dinner will be served at 8:00 pm followed by lots of dancing and other entertainment. With informal attire, everyone should have a comfortable as well as a glorious celebration and have a good start for another victory in the 1982 CQ WW Contest!

Kip also announced that on Thursday evening, Oct. 7, the NCDXC will have a meeting at Harry's Hoffbrau at the Palo Alto Golf course. The new president of the ARRL, Vic Clarke, W4KFC, will give a short talk on his future plans for the ARRL and for amateur radio.

N6RO gave us the sad news that Bill Jackson, W6OWQ, had a heart attack while out fishing, but was taken to a local hospital and now after a by-pass operation is at home and slowly improving. So please take it easy, Bill, and we all wish you well! We will be looking for you on the two meter box!

One new member was unanimously voted into the club. He is Jim Laughter, N4ID, who lives in Mountain View and divides his hamming time about 50/50 phone and CW. Welcome to the NCCC, Jim!

The raffle drew a good crowd of investors as the main prize was a Heil Engineering Co. microphone equalizer. \$37 were taken in and the lucky winner was either N6KB or W6RGG depending upon how you look at him.

Our two guest speakers, Lloyd and Iris Colvin gave us a very good and interesting one hour slide show tour through Guyana, Surinam, French Guiana, and Curacao. They spent the time from last Christmas through both ARRL DX contests in these countries. They both seemed to have fun with their translations of Dutch and French words every where they went. The scenery was magnificent and the radio stations were impressive. Many thanks, Lloyd and Iris, and we hope you have another wonderful trip this season. We will all be looking for you on all bands.

The meeting was adjourned at 10 pm. in time for pizza.

Respectfully submitted,  
Phil Frazier, K6ZM

NCCC CQ ARTICLE NEEDS PICTURES

THE EDITORS OF CQ HAVE AGREED TO PUBLISH AN ARTICLE IN AN UPCOMING ISSUE DESCRIBING HOW NCCC WON THE 1981 CQ WW DX CONTEST CLUB TITLE, THE FIRST VICTORY EVER FOR A WEST COAST CLUB AND THE MOST ASTONISHING UPSET IN RADIO CONTESTING HISTORY. THE PURPOSE OF THE ARTICLE IS TO CREATE AN HISTORICAL RECORD OF OUR VICTORY, TO PROVIDE DETAILS AS TO HOW IT HAPPENED, WHY IT HAPPENED AND TO GIVE CREDIT TO INDIVIDUAL MEMBERS FOR THEIR EFFORTS. THE EDITORS OF CQ ARE GIVING US 4 TO 6 PAGES (TYPEWRITTEN, DOUBLE SPACED) AND HAVE AGREED NOT TO MAKE ANY CHANGES IN OUR SUBMITTED DRAFT WITHOUT CONSULTING US FIRST.

PRESIDENT KIP HAS ASKED ME TO BE THE PRINCIPAL DRAFTSMAN AND I HAVE GOTTEN SOME WORDS DOWN ON PAPER. THIS DRAFT HAS BEEN REVIEWED BY A COMMITTEE CONSISTING OF W6SZN, N6KB, WA6VEF, N6KT AND K6RU. NOW, ALL WE NEED IS PICTURES TO BREATHE LIFE INTO THE ARTICLE. YOU MAY REMEMBER, ONE PICTURE IS WORTH A THOUSAND WORDS. IF WE DON'T GET ENOUGH PICTURES, WE'LL HAVE TO RUN SNAPSHOTS OF N6RO'S WOLF HOUNDS (WOUFF HOUNGS). CQ MAGAZINE PRINTS BLACK-AND-WHITE (EXCEPT FOR THE COVER) SO IF YOU CAN SUBMIT B AND W PRINTS, THAT WOULD BE BEST. COLOR PRINTS ARE ALSO OK. THE BIGGER THE BETTER UP TO 8 X 10. IT IS RECOMMENDED THAT YOU CONVERT COLOR SIDES TO COLOR PRINTS BEFORE SUBMITTING THEM. SLIDES ARE NOT ACCEPTABLE.

APPROPRIATE SUBJECT MATTER INCLUDES INCLUDES PEOPLE, EQUIPMENT, ANTENNAS, GOOD SCENIC SHOTS INCLUDING ANY OF THE ABOVE. MAYBE SOMEONE HAS A PICTURE SUITABLE FOR THE CQ COVER. CAPTIONS ARE NECESSARY AND CAN BE WRITTEN IN PENCIL ON THE BACK OF THE PRINT. CQ PROMISES TO RETURN ALL PICTURES, BUT THAT MIGHT TAKE SEVERAL MONTHS. SO, IF YOU WANT TO BE REMEMBERED FOREVER IN THE ANNALS OF AMATEUR RADIO, SEND YOUR PICTURES TO ME BEFORE JANUARY 1, 1983.

SEND TO: 897 NEWELL ROAD,  
PALO ALTO, CA 94303

Minutes of Board of Directors Meeting  
4 November 1982

Those attending were W6SZN, N6XI, W6RGG, K6ZM, at the QTH of K6ZM.

The treasurer's report was the first item on the agenda. K6ZM reported that in general the expenses had been following the budget and the only item not on schedule was that about 90 members still have not paid their dues. To help rectify the problem, Inserts have been supplied for the next JUG to remind those still in arrears.

The repeater fund is in very good shape thanks to several generous donations by members and one non-member. The Christmas Banquet which will be held at the VELVET TURTLE in Burlingame on Dec. 11 at 6:30 p.m. will present a choice of three different entrees all at the same price. So it will be necessary to tell them how many of each kind we will want that evening. This will be strictly a social gathering and an AWARDS banquet is being planned for a later date in April.

The new starting time for the CQP seems to have met with the approval of most of the testers, so it will be left in the operating rules.

The article about the Contest Club's effort to win CQ WW in 1981 written by Ed Radlo, AJ6V, was read and approved by the board and we hope that it will appear soon in print. It is a very interesting, well presented article, Ed. Many thanks for your good work.

An update on the membership roster will be completed by the end of the year with many changes in calls, addresses, and phone numbers. Names will be removed of those who have moved, dropped out, or have not paid their dues by that time.

Sometime within the next few months, we are hoping to have a reunion of all former members of the NCCC as suggested by WA6VEF. This could happen after the contest season when things are quiet.

As far as the results of the WW Phone contest are concerned, many very good scores from the Dx-peditions have been reported as well as some very large home scores, so we should know soon how we made out in the phone part of the CQ WW contest.

The meeting adjourned at 10:15 p.m.

Respectfully submitted,  
Phil Frazier, Secty/Treas.

1. Phone Weekend Post-Mortem

Well, we did ourselves proud during the phone weekend. Despite mediocre conditions during a good part of the contest weekend, many fantastic scores were recorded, as detailed below. Congratulations to all!

The log deadline for the phone weekend is December 1, 1982. Logs should be sent to the following address, indicating "phone" on the envelope:

Bob Cox, K3EST  
6548 Spring Valley Dr.  
Alexandria, VA 22312

Please send in your log, regardless of how many QSO's you made. If you need a summary sheet, give me a call (Home: 415-595-1085, Work: 408-298-8800) and I'll send you one. And please don't forget to send me a copy of your summary sheet. It's very important that I have what CQ has. Now, who did what to whom on phone:

## 2. The "Dits and Dahs" Weekend

I estimate our score so far to be at least 75 megapoints, with a number of scores yet to be collected. That's down from last year, but don't despair -- everything I have heard, during and after the contest, indicates that the East Coast had a tough time during the phone weekend. If we all get on for CW and make as many Q's as humanly possible, we can win this thing for the second straight year. Without meaning to single him out, I've got K6HNZ talked into pushing the paddles for the CW weekend. If he's willing, no one else in the club has any excuse for not making an all-out effort.

The spotting net will again be operative on WR6ADM, 147.84/.24. Thanks to KN6K, KA6ING and all who participated in the phone weekend spotting net effort. Please take the few seconds required to report rare and semi-rare DX stations on 2 meters. A bit of math shows that just a few more multipliers for each station active in the contest makes a huge difference in the club score.

From what I've been able to determine in the last week, overall all-out effort by the club was down from last year. Nonetheless, we are probably as well positioned as last year to win the club competition. Whether we do it again depends on what we do during the CW weekend. Will you do your part in showing the East Coast and the World that the NCCC, if it really wants to, can do more than crush all comers in the SS?

See you on 'ADM after the contest. I'll be there collecting scores. Make yours as big as you possibly can, but be sure to make one.

73,

Kip, W6SZN

P.S. To give you added incentive to get on the air, JALBK will be operating BY1PK during the contest.

WORLD COMMUNICATIONS  
YEAR  
AÑO MUNDIAL DE LAS

17 July 1982

**1983; A WORLD COMMUNICATION YEAR**  
**Amateur Radio Activity**

On 19 November 1981, the United Nations General Assembly adopted a resolution proclaiming 1983 a "World Communications Year: Development of Communications Infrastructures." The basic objectives of the WCY are: (1) to provide the opportunity for all countries to undertake an in-depth review and analysis of their policies on communications development, and (2) to stimulate the accelerated development of communications infrastructures.

In support of this event, an amateur radio operating activity, sponsored by the Potomac Valley Radio Club (USA), is being announced. This activity will promote all forms of domestic and international amateur radio communications.

The scoring will require knowledge of the location of the 3 ITU Regions and 75 ITU Zones for Broadcasting. The ITU Regions are:

- 1 Africa, Europe, and USSR
- 2 North and South America
- 3 Asia and Pacific

The ITU Zones and amateur call sign prefixes are listed in the IARU Radiosport Championship rules. You may send a SASE or one IRC to the address listed in paragraph 10 below for a copy of a map showing Regions and Zones.

**RULES**

1. **ELIGIBILITY:** All licensed radio amateurs worldwide.
2. **OBJECT:** To contact as many other amateurs anywhere in the world using 1.8 MHz to 275 GHz excluding the 10, 18, and 24 MHz bands.
3. **DATE:** The activity will be the 24-hour period from 0001 UTC to 2400 UTC on Saturday, 15 January 1983.
4. **CATEGORIES:** There will be two categories; single operator and multiple operators. Both categories are mixed-mode. Only stations using one transmitter are eligible for an award.
5. **EXCHANGE:** All stations will send their ITU Region and their ITU Zone. The following stations would send the listed exchanges:

DL1AA 128

W1AAA 208

JA1AA 345

6. **VALID CONTACT:** The same station may be worked once on each band. Telephony (including SSTV) and Telegraphy (including RTTY) emissions count as separate bands. No cross emission contacts are allowed.

7. **MULTIPLIERS:** The ITU Zones worked on each band.

8. **QSO POINTS:** QSO points are as follows:

- 4 Outside your ITU Region
- 2 Inside your ITU Region; outside your Zone
- 1 Inside your ITU Zone

9. **SCORING:** Multiply the total QSO points for all bands by the total zones worked for all bands.

10. **REPORTING:**

A. All entrants are to use a suitable log form and summary sheet of their choice.

B. Logs should indicate times in UTC, bands, calls, complete exchange and QSO points for each QSO. Multipliers should be clearly marked in each log. Cross-check sheets (dupe sheets) are required if more than 200 QSOs are made on any band.

C. Summary sheets should be a single page and show number of QSOs, QSO points, and Zone Multiplier for each band and the total score. The summary sheet must contain the entrants call sign, Region, Zone, name, and address. Multiple operator stations must list the name and call (if any) of each operator. Entries for the special UHF/microwave award should be indicated on the front of the summary sheet with a description of the basis of the UHF/microwave award written on the back of the summary sheet.

D. Entries must be postmarked by 28 February 1983. Mail entries to PVRC, Post Office Box 337, Crownsville, MD, 21032, USA.

11. **AWARDS:** A plaque will be awarded to the high-score station of each category (single and multiple operator) in each of the three ITU Regions. A certificate will be awarded to the high-scoring entrant of each category in each ITU Zone. In addition, a certificate will be awarded to one UHF/Microwave station of each ITU Zone judged to have displayed the most outstanding achievement. Members of PVRC may not receive awards.

12. **CONDITIONS OF ENTRY:**

A. Each entrant agrees to be bound by the provisions of this announcement, by the regulations of his licensing authority and by the decisions of the Amateur Radio Activity Awards Committee.

B. An entry may be disqualified if the overall score is reduced by more than two percent. An entry will be disqualified if more than two percent of duplicates are left in the log. A penalty of 8 QSO points will be assessed for each duplicate QSO or for each miscopied call sign or exchange found during the Awards Committee log checking.

MERRY CHRISTMAS AND HAPPY NEW YEAR  
FROM  
YOUR JUG EDITOR

**YOU PROVIDE THE ABILITY****SPECIFICATIONS****7.2-2**

Frequency of operation: 7.0-7.3 MHz  
(x 125 KHz)

Gain: 4.9 dBd

F/B: 12 dB

Feed Impedance: 50 ohms unbalanced.

Max element length: 46'

Boom length/Dia: 16'/3"

Weight: 45 lbs

Windload: 6 sq ft

For Mast: 2" O.D.

The 7.2-2, on a 16 foot boom, is ideal for hams seeking well-rounded coverage of the amateur bands, as well as good DX capabilities. The linear-loaded elements virtually eliminate interaction with 20 meter beams and permit stacking as close as 4 feet.
